, Engineer.

PROTESTED by Board of County Commissioners of Humboldt County, November 20, 1916.

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all prior rights on the stream system of which this source is a tributary and is for flood and surplus water only. It is expressly understood and made a condition of this permit that diversion of water by the applicant shall cease immediately upon notification from this office that a shortage of water exists in the source herein described. A standard headgate and weir must be installed at or near the point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water herein granted at any and all times. The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed

Two hundredths cubic foot per second. (0.02)

Actual construction work shall begin on or before June 1, 1918

Proof of commencement of work shall be filed before July 1, 1918

Work must be prosecuted with reasonable diligence and be completed on or before June 1, 1919

Proof of Completion of Work shall be filed on or before July 1, 1919

Application of water to beneficial use shall be made on or before

December 1, 1919 Proof of the application of water to beneficial
